

Dear Students,

Eastern Oklahoma State College is improving the way it distributes funds* to students! Your refund will now be available to you much faster through the new Easy Refund Card. Higher One, the company working with EOSC to bring you your new card, has created a student group called Game Time. Gamers receive information about the Easy Refund Card before the rest of the student body so they can help educate their peers about the new program. When you register, you also get:

- Access to new products and promotions before other students
- The opportunity to provide feedback on new marketing & possible new products
- Contests with spectacular prizes like cash and travel
- The chance to submit your OneAccount tips and stories, and how you have spread the word for a chance to win a \$50 iTunes gift card every month!
- Possible selection for the Higher One Student Advisory Board
- **FREE STUFF!**

We're looking for students who make friends easily and enjoy talking about new experiences. If this sounds like you— join the team! Please click on the following link to register for Game Time: higherone.com/gametime. **Once you receive the welcome email, take the student survey to complete your registration!**

Roquita & Aaron
Game Time Coordinators
Higher One, Inc.
