

DIVISION OF SCIENCE & MATHEMATICS

The Division of Science and Mathematics, located in Sullivan Hall, offers associate degrees (AS) that prepare graduates for transfer as juniors into bachelor's degree programs at universities.

Science & Mathematics Degrees

Physical Science (AS)

- Chemistry
- Physics
- General Physical Science

Mathematics (AS)

Life Science (AS)

- General Life Science
- Biology
- Communication Sciences & Disorders
- Pre-Nursing (BSN)
- Pre-Nutritional Sciences
- Pre-Pharmacy
- Pre-Physical & Occupational Therapy
- Pre-Radiologic Technology
- Pre-Veterinary Medicine

Division Dean Dr. Andrea Green recognized Gabriel Gibson of Blocker, OK as Eastern Oklahoma State College's 2021 Outstanding Graduate of the Science and Mathematics Division.

Gibson graduated in the top 10 percent of his class with an associate degree in life sciences. He began taking classes at Eastern as a concurrent student while attending Crowder High School. Gibson maintained a 4.0 overall grade point average and was named to the President's Honor Roll each semester. During his time at Eastern, Gibson has served as a math tutor, treasurer of Eastern's Student Government Association and as a member of Phi Theta Kappa honor society. He also played the piano and cello as a member of Eastern's band and performed with the Eastern choir and Eastern Expressions. Gibson has also served as the worship leader and piano player for Baptist Collegiate Ministries and volunteered for the Mission of Mercy, an organization that provides free dental services to those in need.

Gabriel is the son of Roger and Tonya Gibson of Blocker, OK. He plans to attend the University of Oklahoma this fall to pursue a bachelor's degree in biology with a minor in chemistry and eventually earn a doctoral degree in dentistry.

DIVISION OF SCIENCE AND MATHEMATICS

Life Science (A.S.)

The A.S. in Life Science is designed to outline the freshman–sophomore years of study for students who plan to transfer to universities in a variety of programs in the life sciences. The major offers several advising tracks for students:

- Biology, Environmental Science
- Pre–Professional (Medical, Dental, Nursing, Veterinary Medicine, Pharmacy, Physical Therapy, etc.)

The Pre–professional studies track is actually more of an advising track than a major. At the university–level, pre–professional students normally choose a specific major such as biology or chemistry. Students planning to seek certification as secondary school science teachers should take SPAN 1113 in the General Education Elective category. He or she should then take SPAN 1213 as an additional elective beyond the required hours for the A.S. degree.

Special Note About Physical Education–Health–Wellness. Some universities have a requirement for physical education or health or wellness in their general education and/or teacher education curricula. Students should consult their advisors and the catalogs of the universities to which they intend to transfer to determine appropriate courses, if any, to take at Eastern.

DIVISION OF SCIENCE AND MATHEMATICS Mathematics(A.S.)

The A.S. in Mathematics is designed to provide the freshman and sophomore years of study for students who plan to transfer to a university to major in math or related fields. Students planning to seek certification as secondary school mathematics teachers should take SPAN 1113 in the General Education Elective category. He or she should take SPAN 1213 as an additional elective beyond the required hours for the A.S. degree.
