

The 2019 Federal Regulations:

Relevant Issues for Professional Licensure or Certification Disclosures

There are many laws that govern institutions of higher education including state authorization related requirements. An institution that receives Title IV funding under the Higher Education Act (“HEA”) must operate in compliance with the law or risk losing its federal funding. The 2019 rules are effective July 1, 2020, which means that the institution must have required professional licensure disclosures, both general and individualized, in place by that date or risk ineligibility for Title IV funding.
